

Home Maintenance Platform - Project Description

Home Maintenance Platform (**HomeHero**) is a full-stack web-based platform designed as a **Home Maintenance Services Platform**. It connects **home owners** with **qualified service providers** for **home repair, maintenance, and improvement tasks**.

The platform provides:

- A user-friendly interface for **booking** and **managing services**. - **secure authentication** and **user accounts**.
- Service categories such as **plumbing, electrical work, and cleaning**.
- **Order tracking, payments, and notifications**.

HomeHero aims to **simplify home maintenance** by offering a **centralized solution** that ensures **convenience, reliability, and efficiency**.
